As recommended by Norman, www.turnershop.co.uk is a small company which distributes top quality woodturning pen kits at a reasonable cost. They have numerous specialised and exclusive products, are a non-profit company, and any sales help to finance their chosen charities.

Postscript

This is the first newsletter of the new regime, so please feel free to let me know the good, the bad, and the ugly of what you think about the new editorial style.

I'm happy to take articles written by members, list items for sale, pass on interesting (and not so interesting) snippets of news and gossip but only if you send it to me.

Thanks

Matt
